

Diagram illustrating a network topology for a security exercise:

- Router R4 is connected to two networks:
 - Network D (10.4.8.0/24) represented by a green cloud.
 - Network C (10.7.3.0/24) represented by a blue cloud.
- Routers R2 and R3 are positioned to the right, with the text "peut entendre les informations de :" above them, indicating they can intercept traffic.
